

The Federation Festival of Flight

is almost here!

October 1st - 15th 2018

The festival date has changed to ensure availability of resources but we are putting the finishing touches to our plans!

During the festival, the children from Year R to Year 6, will experience a wide range of opportunities, experiments and activities linked to flight including kite flying and paper-airplane making!

We have had a number of very generous offers of help from the school community already which means that the children will get to see hot air balloons on the field, drones being flown and see a power kite in action.

It is not too late to get involved - we are open to all offers but are particularly hoping that the children could experience a helicopter or a parachutist land on the field! Can you help?

If you think you may be able to support us in any way, please contact our science leaders:

Miss Bishop via the Infant School on 01428 722036

or Miss Goatham via the Junior School on 01428 722490
